

3 Cell 12V 10A Battery Management System for lithium 18650 battery size

Model: 3C BMS / 180864

Description: 3 Cell 12V 10A with Balance BMS, stable performance,
Size: 53.2x17.3x3.5mm
Weight: 6g

Electrical parameters: (3 cell lithium ion battery)

	Description	Specificat	unit
Watts	Rated Watts	60	W
Voltage	Rated Voltage	12	V
	Normal Voltage	11.1	V
Current	Rated Current	5	A
	Instantaneous discharge current	10	A
Overcharge	Over voltage detection	4.25±0.05	V
	Over charge, over current, over voltage, shot circuit disconnects voltage		
Discharge	Maximum discharge current	7	A
	Instantaneous discharge current	10	A
Charging	Charging Voltage CV/CC	12.75	V
	Maximum current	10A	A
	Balance charging
