

Demo Kit for PowerNex Products

PowerNex product demo kit, the YHS-PN-1-KIT, is a multifunctional marketing tool that contains the MEAN WELL's bestselling DIN-rail power supply of HDR series. It can demonstrate MEANWELL's solutions and the functions of PowerNex products in a seminar or booth. The demo kit is also easy to carry because of the 30x25x15 compact size design.

Features:

1. Emergency Switch function and light color display
2. Push Switch function and light color display
3. Key Selector Switch function and light color display
4. Pilot Light function and light color display
5. Inductive Proximity Sensor function display
6. Din Rail Terminal Blocks function display
