Alkaline

Main Features

- Powerful and stable performance
- Ideal for high drain electronic gadgets
- Reliable, steady power output
- No mercury and cadmium added to the formulation
- Broad scope of applications

Major Applications

Electronic toys, motherboard, Electronic meter, Electronic scale, Calculator

Battery Details	
Chemistry	Alkaline
IEC Name	LR63
Camelion Model	AG0 (LR521)
Voltage	1.5V
Weight	0.22g
Dimension	5.75 x2.15 mm
Capacity	10mAh

AVAILABLE @ MANTECH
