Ks0181 keyestudio Sensor Kit for ARDUINO starters- K4

Description:

This keyestudio Sensor Kit is an Arduino stater learning kit developed by Keyes. We provide detailed tutorials for each project or sensor module, including connection diagrams and sample codes, with which you will find it easy for you to complete every experiments. Besides, you can also find video tutorials of this kit on our official website.

Project details:

Project 1: Hello World
Project 2: LED blinking
Project 3: PWM
Project 4: Traffic light
Project 5: LED chasing effect
Project 6: Button-controlled LED
Project 7: Responder experiment
Project 8: Active buzzer
Project 9: Passive buzzer
Project 10: Joystick module
Project 11: Photo interrupter module
Project 12: 5V Relay Module
Project 13: ADXL345 Three Axis Acceleration Module
Project 14: Rotary Encoder module
Project 15: Analog Rotation Sensor
Project 16: RGB LED module
Project 17: keyestudio Reed Switch Module
Project 18: Soil Humidity Sensor
Project 19: Line Tracking Sensor
