

## KS0361 (KS0365) keyestudio Smart Little Turtle Robot V2.0

### Introduction:

micro: bit is a powerful hand-held, fully programmable, computer designed by the BBC. It is only half size of a credit card, available for children's programming education. Onboard comes with Bluetooth, accelerometer, compass, three buttons, 5x5 LED matrix, USB interface, connection pins. In order to learn micro bit more easier, we particularly make this kit, in which includes a keyestudio sensor shield fully compatible with micro bit and other commonly used sensor modules. In addition, this sensor kit also provides various learning projects for you, including wiring diagram, source code and more. It can help you make learning easy and fun to enjoy the programming.
