## Ni-MH LOCKBOX™ Ready to Use Batteries

The new Camelion Lockbox battery locks in the energy for up to 6 months after charging, so you can use it anytime - just like a primary battery! When you have used it, just charge it up again, saving you money and reducing harmful disposal of primary batteries - just like a rechargeable battery! The Lockbox battery is suitable for high drain devices such as digital cameras, toys and music players. Try it today!
