DC 12V 60kg Visible Installation Door Cabinet Magnetic Lock for Access Control Systems

Model: SY-L60S / 170050

Features:

1. Protection function: built-in directional surge protection, security, durability.

2. Use range: cabinets, drawers, small doors and other categories.

3. Security: anti-theft special screws, the first to install the magnetic lock screws.

4. Use the parameters: using the voltage DC12V, lock current 250mA, unlock time ≤ 1S.

5. Stable suction: this magnetic lock with access to the actual 60kg linear tension, the use of anti-theft screw design, the bottom engraved with shading, non-slip and durable.

6. Aluminium shell: use aluminium as the main material production, durable.

7. Interface description: connect the red positive, black negative, magnetic lock wiring is copper, safe.

8. Suitable Door: wooden doors, drawer cabinet door, room to escape when power has been removed.

Specifications:

Material: Iron + Magnet
Lock Model: 60kg (130Lbs)
Voltage: 12V DC
Current: 250mA
Working temperature: -10~+55°c
Moisture: 0~95%
Installation: Visible
Lock Size: (L x W x T) 80 x 40 x 25mm
Plate Size: (L x W x T) 70 x 33 x 10mm
