

P/N: EMI-50V / 200181

Name:DC power Filter Module/ EMI suppression module for D type amplifier /Filter Module for automotor power/ EMI Supperssion for DC power

Connection specification:

Vin+: input"+"

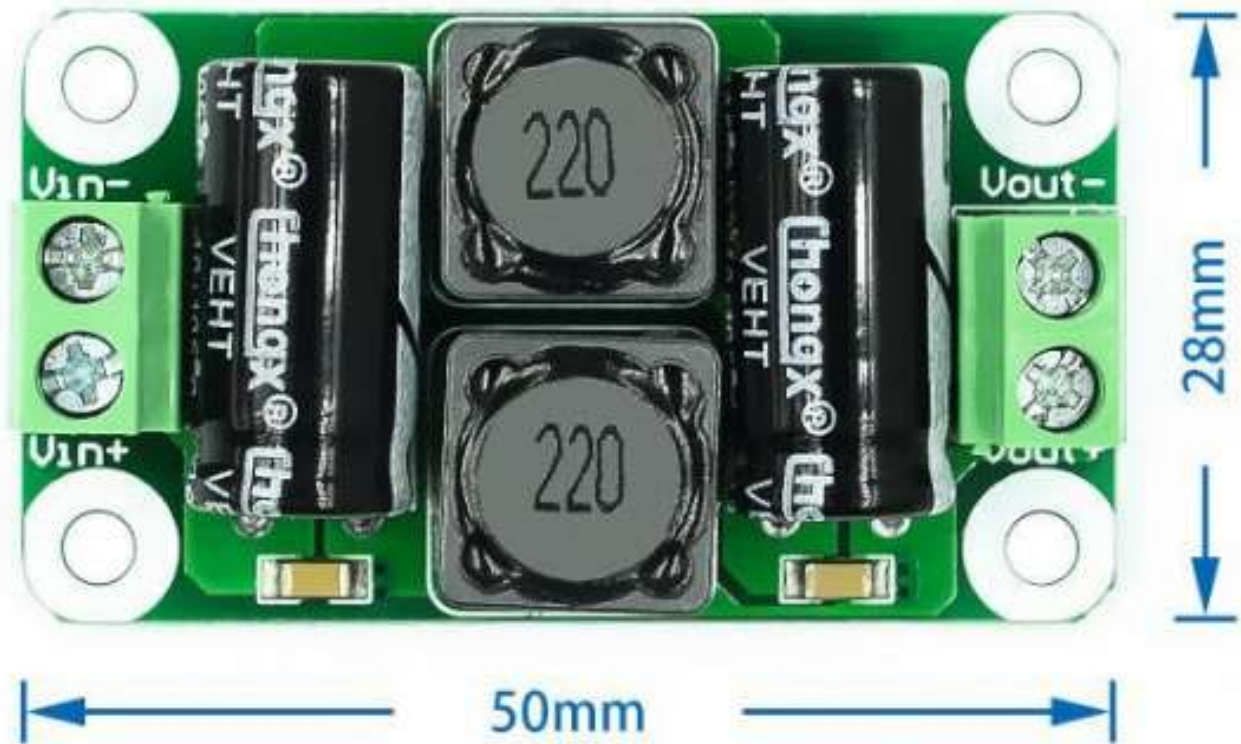

Vin-: input"-"

Vout+: output"+"

Vout-: output"-"

Working Voltage: 0-50V

Working Current: Max 4A

Size: 50*28(mm)
