SCREEN 99

GET A GOOD VIEW

SCREEN 99 is a technical glass cleaner, which has been specially developed to meet the requirements of computer monitor and television users. A dirt-free monitor is a basic prerequisite in this field for pleasant, easy work in an ergonomically organised workplace. Because of the inevitable build-up of static electricity, every monitor screen attracts dirt and, from time to time, requires thorough, gentle, streak-free cleaning with SCREEN 99.

FEATURES	APPLICATIONS
<ul style="list-style-type: none"> Improves legibility on screens by removing: <ul style="list-style-type: none"> - Dust - Grease - Nicotine deposits - Finger marks - Other streaks and smudges Safe and easy to use due to the foam formulation. The screen stays clean for long periods thanks to SCREEN 99's anti-static properties. Material compatibility <ul style="list-style-type: none"> - excellent: glass, metals, enamel - good: PVC, ABS, polyamide, acrylic glass, polycarbonate 	<ul style="list-style-type: none"> Suitable for all glass surfaces.
