

XW-DJFS Series Compression Gland

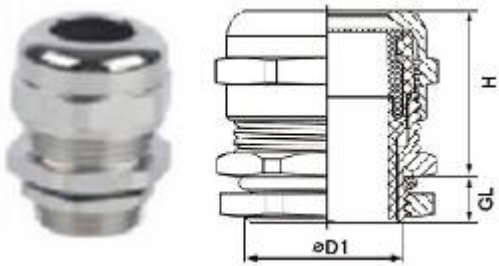

Reinforced Metal Cable Gland Type I (Metric/G)

Product Features

- Material: Nickel-plated brass
- Clamping component: Rubber
- Sealing component: Rubber
- Waterproof washer: NBR (Nitrile Butadiene Rubber), Silicone rubber
- Waterproof rating: IP68-10 bar pressure

Operating Temperature

- Static condition: -40°C ~ 100°C, short-term peak up to 120°C
- Dynamic condition: -20°C ~ 90°C, short-term peak up to 100°C
- Model Code Definition
- Enterprise Code | Metal Cable Gland | Thread Specification | Max Cable Outer Diameter
